

July 31, 2009

**SUBJECT: Phosphocol™ P 32 Chromic Phosphate and Sodium Phosphate P 32  
Solution Product Discontinuations**

Dear Healthcare Professional,

You have previously purchased Covidien's Phosphocol P 32 Chromic Phosphate P 32 Suspension and/or Sodium Phosphate P 32 Solution. Covidien has carefully considered a number of factors including customer demand, production costs, and strategic fit, resulting in the decision to discontinue manufacturing either of these radiopharmaceuticals.

Effective immediately, Sodium Phosphate P 32 Solution is discontinued. Any backorders remaining in our system for that product will be cancelled.

Final production of Phosphocol P 32 Chromic Phosphate P 32 Suspension will occur on August 28, 2009. Remaining stock will be sold after that date until supply is depleted.

These discontinuations apply to the following product codes, previously available directly from our Maryland Heights production facility or through Covidien Nuclear Pharmacies. There are no direct substitutes for these products.

Product Code	Description
N470P0	Phosphocol P 32 Chromic Phosphate P 32 Suspension
N461P0	Sodium Phosphate P 32 Solution

Thank you for your business and continued support. If you have additional questions, please contact your local Covidien Imaging Solutions representative at 800-634-1515, or our Customer Service department at 888-744-1414.

Sincerely,

Elaine Haynes, RPh  
Group Director, Marketing
