Dear Valued Customer:

I am writing to inform you that GE Healthcare will reduce the number of manufacturing days per week of Thallous Chloride in the US from five to three. The following chart indicates both the current and proposed manufacturing schedules, referencing the activity amounts at 5:00PM on the date of manufacture (typical FedEx departure time).

### Current

Manufacturing Day	Shipping Day	Calibration Day (2400CT)	mCi/mL @ calibration	mCi/mL @ 1700CT/Manufacture Date
Sunday	Sunday	Friday	8.8	28.8
Monday	Monday	Saturday	8.8	28.8
Tuesday	Tuesday	Sunday	8.8	28.8
Wednesday	Wednesday	Monday	8.8	28.8
Friday	Friday	Thursday	8.8	36.2

### Proposed

Manufacturing Day	Shipping Day	Calibration Day (2400CT)	mCi/mL @ calibration	mCi/mL @ 1700CT/Manufacture Date
Sunday	Sunday	Saturday	8.8	36.2
	Monday	Saturday	8.8	28.8
Tuesday	Tuesday	Monday	8.8	36.2
	Wednesday	Monday	8.8	28.8
Friday	Friday	Thursday	8.8	36.2

If you have any questions regarding this change, please contact Customer Service

We thank you for your continued support of GE Healthcare.

Prior to administering Thallous Chloride, please refer to the Full Prescribing Information that is attached to this letter.

Sincerely,

Michael J. Rossi
